Deepak Sharma

MERN Stack | Full-Stack Developer

deepaksharma72068@gmail.com -91 8950835313 Panipat India

Profile

Results-driven ***Full-Stack Developer*** *with 2+ years of experience* specializing in the *MERN Stack* (React.js, MongoDB, Express.js, Node.js) and enterprise *Microsoft Technologies* (SPFx, SharePoint Online). Proven track record of designing, developing, and deploying scalable web applications, real-time dashboards, and automated workflows. Expert in RESTful API architecture, secure role-based access control (RBAC), and optimizing application performance within Agile environments.

Professional Experience

Software Development Engineer, *Credent Infotech Solutions* 07/2024 – 09/2026
Delhi, India

- ***Software Development Engineer*** Credent Infotech Solutions july 2024 – Present Engineered and maintained robust full-stack enterprise applications utilizing the MERN stack, MySQL, and SPFx. Delivered high-performance business intelligence tools, billing systems, and automated workflows:
- ***Enterprise Document Management (PIDMS)****:* Built a comprehensive DMS using SPFx, React.js, and Node.js; implemented document version control, metadata management, and secure permissions that improved file retrieval efficiency by *35%* through advanced search optimization.
- ***Billing & Expense Automation (Myro):*** Developed a MERN-based billing application establishing 4-tier role-based access control (RBAC) and complex workflow approvals that reduced manual processing errors by *40%*.
- ***Real-Time Data Dashboards (WESEE)****:* Created highly responsive dashboards using Recharts and Chart.js for live data visualization and critical alert management for an Early Fire Detection system, achieving sub-second (<500ms) data refresh latencies for real-time monitoring.

Education

Bachelor of Engineering, *RP Indraprastha Institute of Technology* 08/2015 – 06/2019
Karnal, India

Certificates

- IBM Certified – Databases and SQL for Data Science
- IBM Certified – Python Project for Data Engineering

SKILLS

Frontend, *React.js,Next.js JavaScript (ES6+), TypeScript, HTML5, CSS3, Bootstrap, Responsive Web Design*

Backend, *Node.js, Express.js, REST APIs, Authentication & Authorization*

Databases, *MongoDB, MySQL, SQL Server*

Microsoft Technologies, *SPFx, SharePoint Online, Microsoft Graph API,PowerBI*

Declaration
